

## Program Information

### Why Should I Participate in the LMC Notebook Program?

LMC offers a recommended notebook package at a discounted price that includes all the software necessary for classes on campus. The notebook is fully supported onsite by our Lenovo (IBM) Certified staff - long delays to get support do not exist. Program students are 1st priority!

### Why Do I Need a Notebook at LMC?

It is required that all new students coming to Landmark have a PC compatible notebook computer. You will be required to use your notebook for academic work and having one that meets the minimum requirements is very important.

#### *Student Comment:*

"The laptop program at Landmark College is second to none, the staff goes out of their way to make sure the students get what they need. First and foremost the service you get is great, the staff backs you up a 110%. Here at Landmark College when you buy a laptop you get the machine, ext. warranty, discounted software bundle and bag along with a die hard group of people to support you. Landmark College tech staff is friendly, knowledgeable, professional and caring. I wish I could take them with me to my next college."

### Minimum Requirements if I choose to Purchase a Notebook on my own: (For Questions Call 802-387-6800)

- PC Compatible Notebook
- Apple computers w/ Boot Camp running a supported Windows version
- 1.0GHz or faster CPU & 1GB Ram
- 60GB hard drive with 10GB free space
- Windows XP Home or Professional
- Vista Home Premium, Business & ultimate (Basic version not supported)
- Vista 64 Bit versions are not compatible with our network or software
- CD Drive (CD Burner Recommended)
- Ethernet and Wireless
- Current Anti-Virus

### Apple Notebooks w/Mac OS Policy:

We do not support the use of Apple Computers running only Mac OS X or Virtual Windows in our classrooms. You may bring a Mac to campus, but with the understanding that you will only be able to access the Internet. Other network resources on campus will not be available. This is necessary to provide a high level of computer support and software consistency in and out of the classroom.

# Student Notebook Program

**Certified Lenovo (IBM)  
Repair Services  
On Campus**

Help Desk Telephone: 802-387-6800

## Purpose of the Program

### The Student Notebook Program will enrich your learning experience in the following ways:

- Provide you with state of the art technology to support your educational activities.
- Ensure access to campus resources and the Internet in classrooms and public spaces on campus.
- Enable you to gain the skills and experience needed to become a confident user of technology.
- Unlimited access to the Lenovo (IBM) Repair Center for all warranty and insurance repairs.
- Use of a loaner notebook, when available, so you are never without a notebook for class or homework.
- Daily anti-virus updates to protect your laptop against new attacks.
- Notebooks purchased from Landmark are fully equipped with the latest versions of Assistive Technology software. We provide training on an individual and group basis to any student interested.
